

SAFE AND SOUND

PEACE OF MIND THAT YOUR DATA IS SECURE WITH ACCURO'S ONLINE TRANSCRIPTION SOFTWARE

Accuro-Online provides a unique transcription management solution which enables users to securely upload digital dictations and download completed transcripts from a secure web application.

NO STRINGS!

Accuro-Online is completely free to use. There are no set up costs, licence fees or contracts to tie you in.

INTEGRATES WITH THE LEADING DIGITAL DICTATION SYSTEMS

Accuro-Online integrates with all the leading digital dictation systems including BigHand, WinScribe, Olympus, Philips and Grundig.

DATA SECURITY

All transactions are carried out over a secure HTTPS connection. Our software has been subject to independent security and penetration testing by Securetest, an NCC Group company. Securetest are accredited by the payment card industry and the information assurance arm of the Government Communications Headquarters, and are the UK's foremost authority on systems security.

SIMPLE TO USE

Accuro-Online has been designed with the user in mind:

- No additional hardware or software is required to access Accuro-Online
- Accepts all the leading digital file formats
- Access your personalised homepage through a unique login
- One simple interface allows users to securely upload dictations, manage templates and download dictations.
